

**Non– Profit Organization**  
**April 10, 2014**

## **Clinton River Watershed Council**

The Clinton River watershed Council is a non-profit organization that serves the people of the Clinton River and Lake St. Clair. The mission of the Clinton River Watershed Council is to protect, enhance, and celebrate the Clinton River, its watershed, and Lake St. Clair. Individual and community actions protect and improve the health of the Clinton River, assuring that its natural, economic, and recreational value enhances the quality of life of those who live, work, and play in the Clinton River watershed and Lake St. Clair.

They use a hands on approach to involving people in stewardship programs, dealing with water quality issues and land use. Protecting and enhancing our water resources is the responsibility of everyone in our watershed and requires the coordinated involvement and effort of individuals, businesses, governments, and organizations throughout the watershed.

A healthy environment promotes and sustains a strong economy, and a strong economy promotes and sustains a healthy environment.
